- All virtual trainings/coaching/meetings must be “observable and interruptible,” able to be ended at any time, and have at least two applicable adults on each session, i.e., coach and assistant, coach and club director, etc.
- All parents/guardians must be provided the code or link to join the virtual session.
- All parents/guardians must sign a waiver in advance as these sessions could be viewed as individual training. A record of which clubs/coaches have been approved to conduct these sessions should be kept. USAV has created a [standardized waiver form](#) if you care to use it.
- If a minor athlete ends up emailing a video to a coach for feedback or additional coaching, the coach needs to copy the parent/guardian and/or other applicable adult on all correspondences.

To be clear, virtual training/coaching/instruction/meetings will only be considered sanctioned so long as the above requirements are followed.

Yes

If some clubs give refunds and others don't, will that be considered a recruiting violation?

No

No the players have the option to sue the club for lack of season completion

Yes, membership is valid thru 8/31 (seasonal membership)

Questions:

If season gets cancelled for remainder of the season does this included beach volleyball for players as well?

No, as soon as USAV allows sanctioned events AND your State allows events, you would be good to hold events
